

INDONESIA imprisons WEST PAPUANS for 15 years for peacefully raising this flag

WWW.FREEWESTPAPUA.ORG

Ambassador,

I was shocked to discover that Indonesia JAILED West Papuan, FILEP KARMA for 15 YEARS for peacefully raising the West Papuan flag in December 2004, and for years was denied access to urgently needed medical treatment during his time in prison. Amnesty International has recognised Filep as a PRISONER of CONSCIENCE.

I am calling on the Government of Indonesia to RELEASE him IMMEDIATELY, and also for the immediate release of all other political prisoners who are being held for peaceful flag-raising, and for calling for the respect of their human rights, justice and freedom in West Papua. I stand united behind these brave individuals.

I am also calling for all West Papuans to be given a free and fair vote in an act of self-determination, so that they can decide the future of their country. It is a right that they have always been denied.

Papua Merdeka!
